1417LLC announces nationwide availability of 1417Power. 1417Power's mission is to give every family the opportunity to make their next generation millionaires. 1417Power is a supplemental middle and high school e-learning and employment training company. 1417Power offers employment to all of its students with pay rates that allow the teenager to make contributions to their Roth IRA

Brentwood, TN - October 5, 2015 - ([NewsWire.com](#))

1417LLC announces nationwide availability of 1417Power. 1417Power's mission is to give every family the opportunity to make their next generation millionaires. 1417Power is a supplemental middle and high school e-learning and employment training company. 1417Power offers employment to all of its students with pay rates that allow the teenager to make contributions to their Roth IRA. A Roth IRA at age 14 can grow to in excess of a million TAX EXEMPT wealth for their retirement. All 1417Power students are employed in high paying market research jobs. Our employment meets all Child Labor Law requirements. 1417POWER utilizes PayChex (NASDAQ: PAYX) to direct deposit their contribution to the Student's Roth IRA account. The Student Employee's Roth IRA account can be with discount brokers such as E*Trade (NASDAQ:ETFC), The Charles Schwab (NASDAQ:SCHW, TD Ameritrade (NASDAQ:AMTD), or full service brokers such as B of A Merrill Lynch (NYSE:BAC) or advisor services such as Cetera Advisor Networks. Family programs can be started for a child as young as a new born through age 17, with discounts for groups, and prepayment. A custom program plan can be requested at our website ([1417Power.com](#)).

About 1417LLC:

1417LLC operates 1417Power and 1417Pulse. Student Employees of 1417Power complete personal Demographic Questionnaires and Market surveys utilizing our SQL database and web applications. Because of our student relationship we have additional data that allows us to audit the quality of the completed surveys. 1417Pulse offers market intelligence services focused on the 14 to 17 age demographic, utilizing its exclusive rights to the 1417Power database.
